yes, patent no. _____

no

Entry Form II

Why does the product described above deserve the TRAILER Innovation Award 2023? (Please describe the innovative character of your product.)

Which “problems” does your product solve? What is the main added value for the user?

Please give detailed explanation below of the instructions for the use of your product

I agree, that the product described above can be published online after June 30, 2022 online at www.trailer-innovation.com

Yes, I agree

No, I don't agree

All the participating innovations will be published in the August editions of the magazine KFZ-Anzeiger, and according to their editorial concepts in the European partner magazines. With the earlier online publication before the jury intends to reach a bigger community. In case participants do not want an earlier publication, the jury does accept this request without any reservation.

Please include 2 sets of photos and/or drawings as files (jpg, tif, eps in 300 dpi) of the product clearly showing the innovative character. The organisers must receive **registrations before Thursday 30 June 2022**. Products entered without enclosed photos and/or drawings of the products or entered after this date can unfortunately NOT be included in the competition.

You can register your product only by completing this entry form and sending it to:

KFZ-Anzeiger · Trailer Innovation 2023 · c/o Stünings GmbH
Diessemer Bruch 167 · 47805 Krefeld · Germany
Phone: +49 2151/5100-126 · E-mail: trailer-innovation@stuenings.de
(or to another joining magazine, see www.trailer-innovation.com)
